

Town of Brookline
P.O. Box 403
Brookline, Vt. 05345

Request for proposals

The Town of Brookline is requesting bids for the repair and scour protection of a concrete box culvert.

There will be a mandatory pre-bid meeting on Friday September 3, 2015 at the Brookline Town office @ 8:00 AM. A site visit will follow.

All sealed bids will be received by 7:00 PM on September 11, 2015, at the Brookline select board meeting.

Bids will be opened and read aloud. Late, faxed or e-mailed bids WILL NOT be accepted. All bids must include a current proof of workers compensation and liability insurance. The Town of Brookline reserves the right to accept the bid most favorable to the Town, and reject any or all bids.

These projects include but not limited to stream diversion, dewatering, channel excavation, flowable concrete fill.

A plan of the proposed repair is available at the Town office, at the pre-bid meeting or on the Town website brooklinevt.com.

Grassy Brook Road can be closed during construction.

The chosen contractor shall be responsible for calling DIG SAFE and verifying all utilities (above and below ground) within the project limits, and take necessary precautions to protect utilities during construction.

The chosen contractor shall be solely responsible for repairing and/or paying to repair any damage to private or public property sustained during or as a result of construction activities to its original condition.

It is the chosen contractor's responsibility to comply with all OSHA and VOSHA requirements, maintain a safe job site, and protect the safety of the public.

The chosen contractor shall provide traffic control and necessary signage acceptable to the Town.

All work performed by the chosen contractor shall comply with all federal, state and local regulations and requirements.

EXISTING CONDITIONS:

- NOTES:
- (1) CONCRETE WILL BE HPC CLASS B.
 - (2) DE-WATERING BYPASS WILL BE DONE BY SAND BAG DAMS AT LOW FLOWS.
 - (3) 2" MIN. REBAR COVER.

AUTHORIZATION TO CONDUCT NEXT FLOOD MEASURES
Pursuant to Section F of the Vermont Stream Alteration General Permit

Project Number: **SA-5-022-2015 Brookline TH 1 Culvert 5**

Applicant Name: Town of Brookline Select Board

Contact: Archie Clark

Mailing Address: Town of Brookline, P.O. Box 403, Brookline, VT 05345

Phone: 802-365-4648

Project Location: Grassy Brook Rd TH 1 Culvert 5 tributary to Grassy Brook

Email: arch24@myfairpoint.net

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This project authorizes footing scour repair on culvert 5 on Grassy Brook Road over un-named tributary to Grassy Brook located near residence at 553 Grassy Brook Road between Hill Road and Papoose Lane.
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit – Next Flood Measures.
3. The proposed activity will meet the terms and conditions of Section F of the General Permit provided:
 - a) The project will be completed and approved as shown on the plan dated 5/12/15, prepared by VTrans, and approved by the Vermont Agency of Natural Resources as attached.
 - b) The project is proportional to the threat and conditioned to cease when the threat to life or to improved property has ended.
 - c) The project will not result in a threat to life, public health or safety.
 - d) The project will meet the standards detailed in subsection E.2.1 and E.2.2 of the General Permit.
 - e) The project will meet Stream Alteration Standards to the greatest extent possible.
 - f) A pre-construction meeting is held between the contractor, owner/applicant, and the ANR River Management Engineer.
 - g) The River Management Engineer is notified by phone or email when construction begins and when the project is complete.

If there are any changes in the project plan or deviation in construction from the plan, the Permittee must notify the River Management Engineer immediately.

If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

Signed this 4th day of August, 2015
David K. Mears, Commissioner
Department of Environmental Conservation

This permit expires October 1, 2015.
